INTRODUCTION

EN Vitro Westland, located in Rijswijk, has specialised in tissue culture since 1987. Our main office and research laboratory is located here, our greenhouse is located in Berkel en Rodenrijs. The tissue culture occurs in our branches in Poland and Turkey.

We are proud of the fact that we can provide service to our clients throughout the world. From tissue culture to fully cultivated plants and hardened plug plants. We offer you the possibility to cultivate and grow your own varieties on a contract basis. In that case, these varieties will be exclusively produced and maintained for you. In addition to the species in this catalog, we also have extensive experience in potted plants and bulbs, amongst others.

Please do not hesitate to contact us if you require more information regarding the possibilities we have to offer.

NL Vitro Westland, gevestigd in Rijswijk, is al sinds 1987 specialist in weefselkweek. Hier is ons hoofdkantoor en onderzoekslaboratorium gevestigd, onze kas bevindt zich in Berkel en Rodenrijs. De weefselkweek productie vindt plaats in onze vestigingen in Polen en Turkije.

We zijn trots dat we onze afnemers wereldwijd kunnen bedienen. Van weefselkweek planten tot volledig opgekweekte en afgeharde plug planten. Wij bieden u de mogelijkheid om op contractbasis uw eigen rassen bij ons in te laten zetten en te laten produceren. Deze rassen worden dan op exclusieve basis voor u geproduceerd en in stand gehouden. Buiten de soorten in deze catalogus beschikken wij ook over ruime ervaring in o.a. potplanten en bolgewassen.

Wilt u meer informatie over de mogelijkheden die wij nog meer te bieden hebben, neem dan contact met ons op.

PL Vitro Westland, z siedzibą w Rijswijku, specjalizuje się w hodowli tkanek od roku 1987. Tutaj mieści się nasze główne biuro i laboratorium badawcze, nasza szklarnia znajduje się w Berkel en Rodenrijs. Hodowle tkankowe występują w naszych oddziałach w Polsce i Turcji.

Jesteśmy dumni z faktu, że możemy zapewnić naszym klientom usługi na całym świecie. Oferujemy hodowle tkankowe, rośliny uprawne i stwardniałe sadzonki roślin. Oferujemy Państwu możliwość pielęgnacji i hodowli własnych odmian, na podstawie umowy. W takim przypadku odmiany te utworzymy i będziemy utrzymywać wyłącznie dla Państwa. Oprócz gatunków zawartych w tym katalogu, mamy także duże doświadczenie w hodowli roślin doniczkowych i cebulkowych.

Prosimy o kontakt jeśli potrzebujecie Państwo więcej informacji na temat możliwości, jakie mamy do zaoferowania.

DE Vitro Westland ist bereits seit 1987 ein Spezialist auf dem Gebiet der Gewebekultur und hat seinen Geschäftssitz in Rijswijk. Hier befindet sich unsere Zentrale und unser Forschungslabor, unser Gewächshaus befindet sich in Berkel en Rodenrijs. Die Produktion der Gewebekulturen findet in unseren Niederlassungen in Polen und der Türkei statt.

Wir sind stolz, dass wir unsere Kunden weltweit beliefern können. Von Gewebekulturpflanzen bis hin zu vollständig aufgezogenen und abgehärteten Plug-Pflanzen. Wir bieten Ihnen die Möglichkeit, Ihre eigenen Sorten auf Vertragsbasis bei uns einsetzen und produzieren zu lassen. Diese Sorten werden dann exklusiv für Sie hergestellt und gepflegt. Zusätzlich zu den Sorten in diesem Katalog verfügen wir über umfangreiche Erfahrung mit u.a. Topf- und Zwiebelpflanzen.

Wenn Sie noch mehr über weitere von uns angebotene Möglichkeiten erfahren möchten, können Sie sich gerne an uns wenden.

A vibrant, detailed illustration of a bouquet of various flowers. The arrangement includes a large yellow flower at the top, a pink flower with a yellow center, a cluster of purple flowers, a white flower with a purple center, a large pink flower with a dark center, a cluster of small purple flowers, a white flower with a purple center, a large orange and black butterfly, a red and black butterfly, and a red and black butterfly. The flowers are interspersed with green leaves, and two ladybugs are visible on the leaves. The background is black.
